VOL. XIII. No. 19

MARKET STRATEGY: FEDERAL RESERVE ACTIONS SHORTEN THAT EXPECTED "MODEST PULLBACK"

After falling a bit to near 900 on the Dow-Jones Industrials, stocks soared again the past few sessions as the Federal Reserve Board appears to be easing money supply to accommodate a flagging economy. The Fed obviously is willing to risk rekindling inflation (or has it already declared the war on inflation over?) to get the economy moving.

That sets the tone for your market strategy in days and weeks ahead as this bull market unfolds: You'll have to be prepared to deal with more market volatility keyed to Federal Reserve actions. There is no way we can second guess short moves within overall trends.

Mortgage-oriented stocks have replaced the manufactured housing companies as market leaders as investors try to lock in high yields. The property & mortgage combination REITs jumped 3.8% the past two weeks, vs. a 3.0% decline for the Dow (issues were priced before the astonishing price surge of Oct. 6). Mortgage REITs weren't far behind at a 3.4% gain, while mortgage/investment

group was up 2.7% (see table, p. 5).

Meantime manufactured housing stocks fell 2.6%, biggest among our 10 groups, on profit taking. This group is up 37.3% since Jan. 1, biggest group gainer.

Other strong groups on a longer term basis are mortgage/investment, up 22.9% since Jan. 1; Major homebuilders, up 13.1%; and Mortgage REITs, up 12.7% (p.5).

NEW HIGHS & LOWS: New highs dominate, 27to-3, with equity and combination REITs coming into prominence. Issues:

Equity & comb. REITs (6): BankAmer. R1.; First Union RE; Gould Inv.; Realty Income; Washington REIT; Wells Fargo M&E.

Mortgage REITs (7): DelVal Fin.; Equit. Lf.; Lomas & Net. Mtg.; MassMut. Mtg.; MONY Mtg.; NW Mut.Lf.; PNB Mtg.

Mtg. fin./invest. (5): Bayswater; FNMA; L&N Fin.; Security Cap.; Tri-South.

Major builders (4): Oriole Homes: Pulte Home; Ryan Homes; Ryland Group. Invest. bldrs.(2): Pres. Rl.; Rouse.

Diver. Rlty.(1): Integrated Res. Former REITs (1): Hamilton Inv. Mfg. housing (1): Redman Ind.

NEW LOWS (3): Atlan. Metro.; Ala Moana; Starrett Hsg.

MARKET STRATEGY AND STATISTICAL ISSUE

## STOCK IN THE SPOTLIGHT: OFFER FOR NW MUTUAL MTG. CHALLENGED BY WESTPORT

Northwestern Mutual Life Insurance Co.'s offer to pay \$13.75 per share for 68% of the mortgage REIT it advises has sparked some puzzling reactions:

--First shares rose to a high of 14 before settling back to current quotes of 13-7/8; the rise above the tender price is explained by fact that NML will go ex a 30¢ dividend on Tuesday, Oct. 12 and so today's buyers will have an effective cost of \$13.575/share. That's a mighty thin margin and doesn't constitute any strong bet by arbitrageurs that a sweeter offer is in the wings.

--Second, Westport Co. sued in Federal court to enjoin the offer, saying the price was too low and that Northwestern has access to information that makes it difficult for an independent bidder to compete fairly. NML says it will defend the suit vigorously.

The Westport suit leaves the lingering impression that WSPTS may have been readying a bid for NML. Westport just agreed to pay \$32 mil. for Dade S&L, a Miami savings & loan with \$2.2 bil. assets. Dade will convert from a mutual to a wholly owned stock association; regulators must approve. The acquisition would make Westport, a former REIT controlled by real estate developer David Paul, another entry into the financial services business.

How all this ties into Westport's challenge to the NML tender isn't clear. Maybe it never will be. Westport apparently owns only 100 NML shares, and it's doubtful it would go to the expense of a Federal lawsuit just to get a higher price for 100 shares. We'd not chase NML shares on such a thin reed however.

## RANKING REVIEWS: REALTY INCOME RAISED, FRASER MTG. LOWERED: THREE OTHERS HOLD

We've reviewed Rankings of five stocks the past two weeks and are increasing one, reducing one, and holding three unchanged. Rankings normally are reviewed yearly and are based on five-year trends. See p. 5.

Realty Income Trust rises to C Rank by returning to profitability after cutting variable rate debt to \$10.75 mil.. lowest level in a decade. At April 1982 year-end RIT signed a new secured bank loan pact at 1½% over prime, replacing borrowings whose higher rates had caused losses in three of four previous years. With lower interest, RIT earned 3c/sh. in fiscal 1982 and added another 10¢/sh. in the July quarter, vs. 6¢/sh. loss a year-ago. This explains why RIT stock is a recent arrival to the New High list (p. 1). RIT reduced assets 15% to \$38.1 mil. in 1982, with year-end holdings being 74% earning mortgages; 5% nonearning mortgages; 19% investment property, mainly leasebacks and leaseholds; and 1½% foreclosed property. Mortgages of \$30.2 mil. are 75% first mortgages, the rest seconds and other. By property type, holdings are 22% office, 20% each apartment/condo and mobile home park, 19% shopping center. RIT sold land under a Hawaii condo and New York City office during 1982 for 16¢/sh. gain. RIT shares are about 24% owned by Chevy Chase Property Co. units. With operations improving, shares are aggressive vehicles for long term capital gains.

Fraser Mortgage Investments falls into E Rank mainly because of our continuing concern over its leverage and liquidity. We previously reduced Rank to D when Fraser omitted its dividend early this year. Fraser is a mortgage trust that finds itself squeezed by slowdown in repayments and fact that interest on most debt floats with the prime rate while some loans are fixed rate. Fraser made major strides in reducing this imbalance in its May 1982 year, repaying \$10.6 mil. debt by liquidating \$9.6 mil. of mortgages. This still leaves Fraser with \$34.1 mil. debt which is 2.4 times equity, down from 2.7 in '81. The \$43.5 mil. mortgage portfolio is 36% fixed rate intermediate and long-term loans, 34% shortterm land development loans, 2812% shortterm loans on completed properties. About 58% of mortgages are seconds on properties encumbered by prior liens, up from 32% the year before. About 23% of loans are on properties in which one or more trustees or the advisor have

equity interests, sometimes taken to protect Trust assets. Fraser reported its first-ever loss of \$1.91/sh. in the year, of which \$1.05 was due to sale of a block of long-term, fixed rate loans to improve liquidity; another 59¢ traced to higher interest rates. During 1982 a 3,200-acre undeveloped tract in Martin County, Fla., on which Fraser had held a mortgage, was sold with Fraser getting \$7 mil. cash and a \$3.8 mil. second mortgage. Concurrently Fraser funded a \$4 mil. second on an adjacent 1,400-acre tract. The agreement provides for Fraser to receive \$3 mil. additional interest, of which \$1 mil. was received but is being deferred. Additionally, Fraser deferred 70¢/sh. interest on three other loans, of which it expects to collect about 35¢/sh. this year. Officers and the advisor own about 301% of shares now. Shares are for speculative recovery over the longer term.

Pacific Realty Trust holds B Rank even though expenses of fending off an unwanted tender from American Pacific Corp. cost it \$1.02/sh. in the May 1982 year. PTR earned \$2.09/sh. after these costs; net operating income was \$1.86/ sh., up 9%; gains on property sales & recoveries on former nonearning assets added \$1.25/sh. Operating income rose 11% to 49¢/sh. in Aug.; gains added 41¢. PTR specializes in developing and owning suburban business parks, office parks and free-standing industrial buildings. At May 1982 it owned 2.85 mil. sq. ft. net rentable space, divided 72% business parks, 16% industrial, 8% office and commercial, and 5% properties under development. Completed properties account for 69% of investments; 18% are equities under construction; 12% earning mortgage loans, 1% nonearning loans. PTR has progressively shortened lease terms on its properties, and leases for 24% of space expired in '82; 87% of that was rented at 25% rental increases. Leases on 18% expire in 1983 and PTR projects 17% rent increases, due to some softening markets. Properties include Oregon Bus. Park near Portland, 807,000 sf; five industrial parks in Portland with 1.1 mil. sf; and parks in Eugene, Ore., and Kent, Wash. PTR carries \$33.1 mil. of debt, or 1.7 times shareholders' equity; the ratio

is unchanged. Debt is 57% mortgages on properties, 5% convertibles (at 264) and 38% short-term floating rate; most short-term interest is capitalized into property costs. PTR has just lost a round in its battle against Amer. Pacific as an Oregon appeals court ruled PTR Trustees did not have authority to enact a bylaw limiting to 9.8% holdings by any one person. APC said it may renew its offer, for 51% of shares at \$37 but enjoined, at a lower price because of PTR proxy fight costs. PTR management estimates market value of properties at \$40.80/sh. diluted, up 10%. Shares are for long-term gains with income.

American Century Trust stays at B Rank although a rising debt load to expand into new business lines concerns us. ACT control was taken over during its June 1982 year by Macro Investments joint venture of San Antonio, a real estate development group. One of Macro's partners, John H. Roberts Jr., has taken his share of ACT stock and is devoting full time to ACT. ACT plans to switch to corporate status soon, become selfadministered, and relocate to San Antonio. ACT has agreed to buy Commerce Savings Assn., with offices in Houston and Dallas, for \$15 mil. cash, or approx. 2½ times its equity. Commerce has about \$100 mil. assets and owns Percy Wilson Mtg. & Finance Corp. of Chiago, mortgage banker with \$73 mil. assets. If okayed by regulators, the acquisition would convert ACT from a passive investor to an active financial services company. ACT and Commerce have bought 15% of First American Financial Corp., publicly owned nationwide title firm that lost \$1.95/ sh. in 1981. ACT has also engaged in several transactions with Macro and its partners, including buying 40 acres in San Antonio for office and commercial construction. Year-end assets of \$76.7 mil. are 39% operating properties, 40% mortgages and other investments, 22% investments in joint ventures and deposit on Commerce. ACT earned \$1.04/sh. in 1982, down 9%; gains on property sales were 81¢ of the total. Shares are a play on evolving financial services.

Arlen Realty & Development Corp. keeps E Rank even as it moves ahead in

restructuring its massive debt load. ARE owns a 58% net interest in Broadstone Group Inc., which owns control interests in 84 properties plus minority interests or mortgages on another 52 properties. Properties include 3.3 mil. sq. ft. shopping centers, 2,936 apartment units, plus 113 acres for the Aventura project in North Miami and 14.6 ac. for Griffin Square in Dallas. Properties have \$128 mil. book value before  $$36\frac{1}{2}$  mil. depreciation and valuation reserves. ARE lost 38¢/sh. in its Feb. 1982 year but more than offset this by 75¢/sh. gains on debt restructuring, for 38¢/sh. EPS. Shareholders' equity remains negative by \$172.8 mil. or \$8.76/ sh. Low-priced shares are speculations on further debt-restructure progress.

# STOCK NOTES: ON-AGAIN OFFER SET FOR EQUITABLE LIFE; BANKAMERICA CONTEST OFF

Equitable Life Assurance Society says it will go ahead and tender for shares of the REIT it advises, Equitable Life Mtg. & Realty at a revised price of \$15.15/share. The life company cut 10¢ from the previously offered \$15.25 after EQ trustees declared a 21¢/sh. dividend, saying the payout was too high. EQ trustees have agreed to the new offer. Shareholders who don't tender would receive the same \$15.15 in a proposed follow-on merger.

BankAmerica Realty Inv. won't face a proxy contest for its Trustee slate at the annual meeting later this month. Draper & Kramer Inc., Chicago mortgage banker, has withdrawn its previous notice to mount a proxy contest.

Closing of deficit-ridden Woolco discount stores is being construed positively by investors in most REITs with Woolco leases in their shopping centers. Investors figure space can be re-rented at higher rates, and that any new tenant will be a better retailing pull. For instance, Florida Gulf Realty shares moved up a bit on the news; FGLFS gets 12% of rents from four Woolco units.

General Growth Props. has agreed to sell 2,306 owned and 1,843 leased apartments to three private investors for \$55

mil. Sales cover all commercial and apartment properties in the Detroit area; and all Des Moines, Ia. apartments. GGP is to receive \$5.5 mil. cash at closing, and \$34.3 mil. over 8-10 years; buyers will assume \$15.2 mil. mortgages. Sale will generate \$24 mil. longterm capital gain (about \$3.15/sh.) to be reported as proceeds are received.

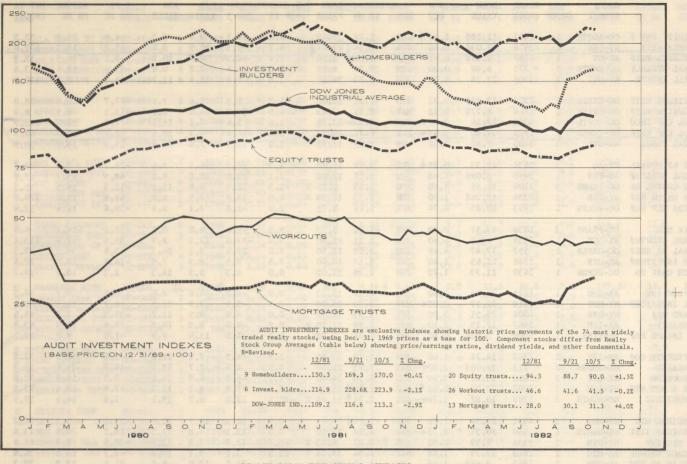

Southmark Corp has agreed to acquire National American Corp. of Gautier, Miss., developer and seller of resort communities in the Southeast. SM will pay an undisclosed amount of cash, notes and Ser. A preferred. National earned \$2.5 mil. in its March 1982 year.

### REALTY STOCK RANKINGS

REALTY STOCK REVIEW has developed its exclusive Rankings of real estate stocks to aid investors. Rankings from "A" to "E" are assigned based upon our analysis of five-year earnings and dividend history, financial strength and liquidity, and management record. Being historical, Rankings are not based upon current price and thus are not intended as recommendations.

An asterisk (\*) denotes stocks which cannot be ranked because of either insufficient operating history in present form, a financial or advisory relationship with Audit, or other reasons. Liquidating entities, denoted "L", are also not ranked.

### NOTES TO LISTINGS ON PAGES 6-8

Facts are displayed on a <u>per share basis</u> to facilitate comparison of stocks within industry groups. Only historical data, or annualizations of latest quarterly data, are used and thus earnings should not be read as estimates.

Annualized Dividend and Yield: The posted annual dividend

rate is used for all entities except for many qualified REITs. These REITs pay their approximate earnings or net cash flow for each quarter instead of an annual rate, since REITs must pay 95% of earnings to shareholders in order to qualify for exemption from Federal income taxes. Since these REIT dividends may vary from quarter to quarter, the "Annualized Dividend" used is the latest quarterly payout multiplied by four, adjusting for any capital gains or special payouts; the rate is not guaranteed.

Earnings and Price/Earnings Ratio: Except for cash flow entities (see below), earnings shown are the latest 12 months' earnings per share. Book value per share is net worth per share after deducting intangibles; it does not reflect appreciation in asset values but is after deduction of loss reserves.

Cash flow entities are denoted with the symbol "#" after their name and are entities for whom net cash flow provides the most meaningful measure of results. For these entities, net cash flow (calculated as net income plus depreciation less mortgage amortization) is substituted for earnings. Accumulated depreciation is added to historic cost book value for consistency.
